

DATA PORTAL

A multi-disciplinary open data portal
for integrated access to Solid Earth
science datasets

<https://epos-no.uib.no/>

EPOS-Norway Data Portal

Training Session

We are inviting you to **EPOS-Norway Data Portal virtual training session**, where tutorial videos will be introduced followed by interactive online sessions where participants get to work on scientific use cases by using the **EPOS-Norway Data Portal**. The training session is open to all interested and is free of charge, however, registration will be required:

EPOS-Norway Data Portal training

Wednesday
10th November
13:00-16:00 CET

EPOS-Norway (EPOS-N) research infrastructure is the Norwegian node of the [European Plate Observing System](#) (EPOS). EPOS-N offers a large collection of Norwegian solid Earth science datasets, which are available (open access) through [EPOS Norway Data Portal](#) for download and advanced visual analysis.

Are you interested to see what this portal currently has to offer and how to use it? Join the training!

*EPOS-Norway Team
at the University of Bergen*
