2nd EUROVOLC project Transnational Access Call now open!

Date:
Tuesday, August 13, 2019 - 17:30

The EUROVOLC project (European Network of Observatories and Research Infrastructures for Volcanology) has just launched the 2nd call for **Transnational Access (TA)** proposals.

Seven European institutions, IMO, UI, INGV, CNR-IGG, CIVISA, IPGP, and CSIC, will grant access to their volcano observatories and infrastructures according to an excellence-driven selection of scientific project proposals.

**Submission deadline is 30 September 2019.**

The kind of offer and its description, the eligibility criteria, the selection process details, as well as the way how to apply and time table can be found at the EUROVOLC Transnational Access web page accessible through the EUROVOLC project website.
