Call for abstracts @ESC2020 in Corfu (Greece), 6-11 September 2020

Date:
Wednesday, March 4, 2020 - 12:15

The 37th General Assembly (GA) of the European Seismological Commission (ESC) will be held from 6 to 11 September 2020 in Corfu, Greece at the "Corfu Holiday Palace", located in Kanoni.

The abstracts submission is open until 12 April 2020. The Early Bird registration is open until 29 May 2020.

Please note that registration of at least one author of the abstract by 29 May is a prerequisite for its presentation in the Program and its publication in the Meeting printed and electronic material.

More information about the Abstract submission at ESC2020 website.

More information about the EPOS activities at ESC2020 will be circulated as soon as possible.

EPOS TCS Seismology invites to consider contributing to the following session:

"The cycle of observational seismology from waveform data collection to scientific products"

Contributions from the broad domain of observational seismology, including works describing the hardware and software infrastructure as well as technical and scientific products of seismological agencies and observatories are welcome.

As well as contributions from other global / international / national agencies and scientists working in the broad domain of observational seismology, as are suggestions for innovative developments and ideas to be considered for integration into the EPOS Seismology domain.
