[EPOS ICS-TCS Interaction Workshop, 15-19 March 2021](#)

Monday, March 15, 2021 to Friday, March 19, 2021
Location:
virtual workshop, dates to be defined

The EPOS [ICS-TCS](#) Interaction team is organising the [ICS-TCS](#) Interaction Workshop remotely the 15-19 March 2021. During the workshop there will be plenary sessions where only common [ICS](#) and [TCS](#) topics will be discussed and sessions dedicated to either internal discussions ([ICS](#) and [TCS](#) separately) or to discussions related to shaping up of pitches (mixed groups). As soon as possible the synoptic table with the detailed programme of the workshop will be circulated.

The [TCS](#) IT representatives are invited to attend the event.

The [ICS-TCS](#) Interaction Workshop provide an opportunity for the [TCS](#) (Thematic Core Services) members and the [ICS](#) team to work together to identify areas where the current prototype [ICS-C](#) could be improved.

Download [here](#) the Synoptic table for the workshop.
