

The EPOS ERIC and AH TCS Governance and Coordination Collaboration Agreement 2021-2023 signed

Date:
Monday, March 22, 2021 - 10:15

The first [TCS](#) Governance and Coordination collaboration agreement with EPOS [ERIC](#) has been signed on March 11, 2021.

This Collaboration Agreement sets out the collaborative framework defining the terms and conditions under which the Parties shall work in collaboration for their mutual benefit and for guaranteeing the functioning of the governance and coordination of the [TCS](#) Anthropogenic Hazards as a key component of the EPOS Delivery Framework.

Other [TCS](#) Agreements will be soon signed with EPOS [ERIC](#), guaranteeing the:

- sharing of resources for implementing the governance and coordination of the [TCS](#);
- coordination and contributions to the EPOS Delivery Framework;
- activities aimed at the engagement of the communities to foster Open Access in solid Earth science.
