

AdriaArray Seismic Network Working Group workshop, 12 May 2021, 9:30-12:30 CEST

Date:

Wednesday, May 12, 2021 - 10:45

The AdriaArray Seismic Network Working Group (SNWG), established last November during the first "EPOS SP | AdriaArray | ORFEUS international workshop", will organise a remote workshop on May 12th, 2021 at 9:30-12:30 CEST (Kiel / Zürich time).

The workshop will focus on presentations and group review of:

- current plans for temporary deployments;
- options for data exchange and integration;
- Memorandum of Collaboration for participating institutions and researchers.

For each topic, invited speakers will do one or two invited introductory talks followed by group discussion.
