PDB meeting in London

Date:
Tuesday, December 15, 2015 - 00:00

The PDB met for the 2nd time in London (UK) at the Medical Research Council on the 15th and the 16th of December, 2015. The meeting addressed a number of crucial issues: the legal establishment of EPOS-ERIC and its implications; the TCS status, their cost assessment as well as the governance and legal issues associated with their implementation, the EPOS data policy and access rules, the ICS design, the procedure for validation and testing, and the EPOS Communication Plan.
