EPOS attended the VRE4EC workshop in Athens, 23-24 January 2017

Date:
Monday, February 6, 2017 - 11:30

Some EPOS IT key players attended the VRE4EC workshop which was held on January 23rd and 24th, 2017 in Athens.

The main objectives of the workshop were:

- the definition of a CERIF ontology and the production of Linked Data from the CERIF-based eVRE catalogs.
- the enhancement and use of CERIF CRIS Reference Implementation to test interoperability for eVRE (including AAAI scenarios).
